# Building . . .

Before the ivy-covered walls

We pause reflectingly,

And gaze with dreamy eyes of youth

At wondrous things to be.

The artist's vision of our school

Becomes our vision too;

We watch the metamorphosis:

The old becomes the new.

Envisioning the building of a  
Future F. M. C.,  
We hopefully await the day  
Of its reality.  
At present we will build our part  
To bring that day quite near,  
And we can see construction in  
Our life at school this year.

Our building is made strong by Christ  
Who is the cornerstone;  
A firm foundation we have laid,  
In many ways we've grown.  
Cemented in our fellowship,  
Together we would be  
The builders of a better world,  
A future F. M. C.

# Dedication . . .

Because he builds our college life

By doing his own part,

Because he guides and teaches with

Our interests at his heart,

Because he often goes beyond the call

Of duty here,

And lends an ever-helping hand,

A sympathizing ear,

The 1955 WHITE HEATHER

We now dedicate

To Mr. Rodger W. Decker, whom

We all appreciate.

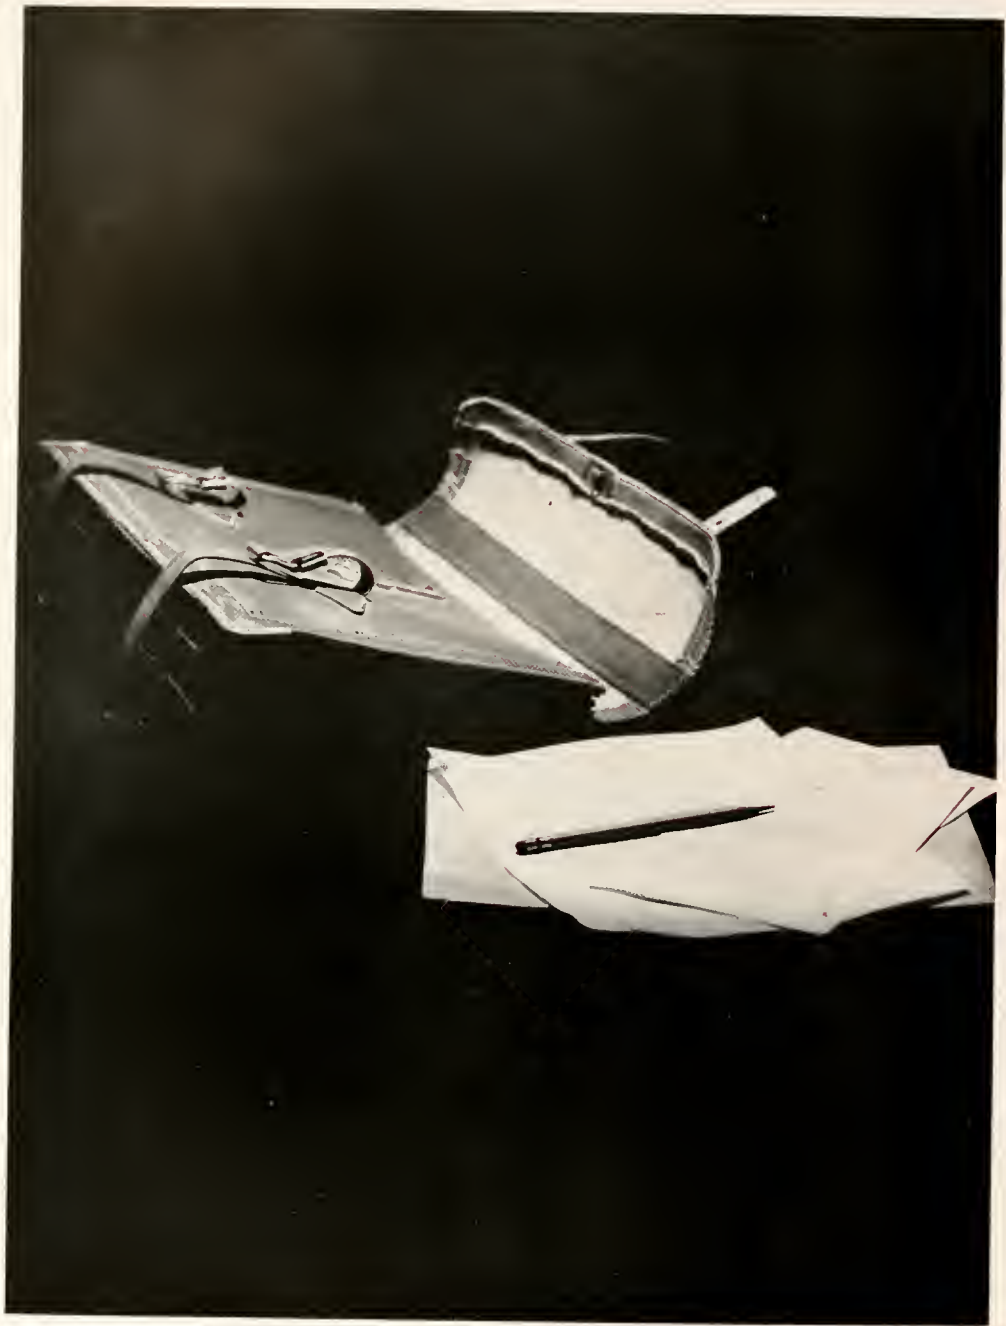

A group of high school students are profitably engaged in a period of testing and counseling offered by the Guidance Center, directed by Mr. Decker.

Mr. and Mrs. Rodger Decker enjoy an in-between-class break in his office. Back at F. M. C. for further study, Mrs. Decker is the former Ginnie Buhler.

# Administration

These are the builders of our minds,  
These men and women who  
Make possible our learning at  
This college fine and true.  
We see them in the classrooms, where  
With them we think and work;  
We view them in the offices,  
Where duty they won't shirk.  
In friendly chats at the post office  
We see them at their ease;  
Wednesday morning coffee-time—  
In glimpses such as these.  
Each one contributes differently,  
Yet they together build  
Our minds to be with knowledge, care,  
And understanding filled.

# Classes

This past year has meant much building  
In our Classes four,  
Yet varied were the burdens of  
Construction that we bore.  
Freshmen, Sophomores, Juniors, Seniors—  
All Classes had their own  
Specific areas—new to them—  
Which they must build alone.

Yet under new construction lay  
Our progress in the past,  
A strengthening foundation to  
Help hold our efforts fast.  
So we with hope could build our part,  
Forgetting all our fears,  
And look with confidence and joy  
To all the unknown years.

# Freshman Class . . . 1955

A brief but pleasant surprise: Adlai Stevenson's visit to our campus.

Top: Freshmen gather to sing away that homesick feeling (sometimes it works the other way, though). Bottom: Rat Day, that Freshman nightmare.

Looking over blueprints are McLean, Stuckey, Auten and Wells.

The Freshmen gazed at blueprints there,  
     But all they saw was "green";  
 They tried to plan their school career—  
     To have their future seen,  
 But the blueprints were so jumbled, and  
     This college life so strange,  
 They wondered if the years ahead  
     They ever might arrange.

With registration, orientation,  
     "Rush" week, being "Rats,"  
 They soon were simply tuckered out—  
     And how they hated "Cats!"  
 But the Freshmen gathered courage, and  
     A bit of grit and grin,  
 So with these tools to help them build,  
     They won and yet will win.

The Sophomores greeted classmates all  
     With screams of recognition.  
 And, after being cruel "Cats,"  
     They focused on their ambition:  
 To finish their foundation of  
     The many courses required.  
 But such construction was gruelling,  
     And frequently they tired.

While grasping logs of learning, they  
     Endured their fingers slit  
 By a splinter known endearingly  
     To all as Sophomore Lit.  
 But somehow they survived to give  
     The Freshman-Sophomore dance,  
 And soon the Sophs to the places high  
     Of Juniors will advance.

The Second Year Business students build

    Their share at F.M.C.

With "debits and credits" their minds are filled.

    Typing, stenography.

This two-year course prepares them for a

    Hurried business world,

When their well-learned efficiency is

    Dramatically unfurled.

In business offices they served

    With capability

And entered into school life fun

    With much vitality.

Then wearing suits of spotless white

    On graduation day,

The girls received certificates,

    Their efforts to repay.

Practical experience for these capable working girls.

The year was bright  
with the flash of  
class rings and pins . . .

And busy with the learning  
of the Highland Fling.

The Juniors built a structure on

The foundation they had laid;

Unfinished is their labor, but

Much progress they have made.

A feeling of importance filled

The girls in this class, for

The titles of "Big Sisters," "Upper

Classmen" they now bore.

But still much work and parallel

Reports they had to yield,

Although it was presented in

Their chosen major field.

The new class ring, the Highland Fling,

Top floor in Going-Up Day—

All gave them pride and told them their

Last year was on its way.

 Recitals, student teaching, bringing

 All these with extra times reserved  
     For Seniors had to blend:

Twelve o'clock light, raising the flag,  
     The Senior Christmas tree,  
 A pause for play on Senior day,  
     The socials, silver tea.  
 Now capping and commencement with

# Activities

The numerous Activities  
We had throughout the year  
Built integration in our lives  
And deepened friendships here.  
This program was well-rounded and  
Encouraged us to grow  
Physically, socially, mentally, spiritually,  
Aesthetically, we know.  
We learned ways to express ourselves,  
But more importance lay  
In learning to live with others well  
In all our work and play.  
Kept always in a busy whirl,  
We'd hardly ever pause,  
But for all these activities  
We thankfully applause.

The never-forgotten experience of the first dance of the year.

Those first few weeks of conscientiously studying the Handbook.

The Student Council leads the school  
 In all its government;  
 All organizations and classes does this  
 Council represent.  
 They make plans and suggestions for  
 Improvement of the school.  
 They would establish honor and  
 The keeping of the rule.

The student body weekly meets and  
 Hears the Council report,  
 To offenders brought before them, Council  
 Turns into a court.  
 Petitions to faculty, "Handbook," the  
 First dance of the year,  
 Hospitality week-end hosts—  
 All come within their sphere.

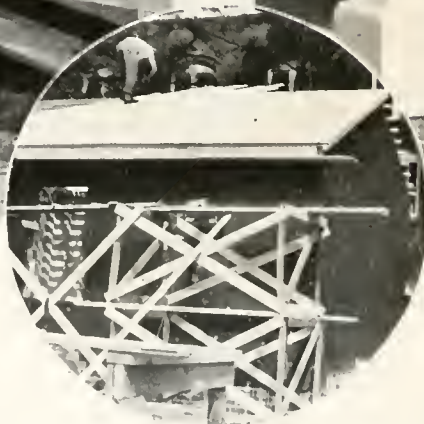

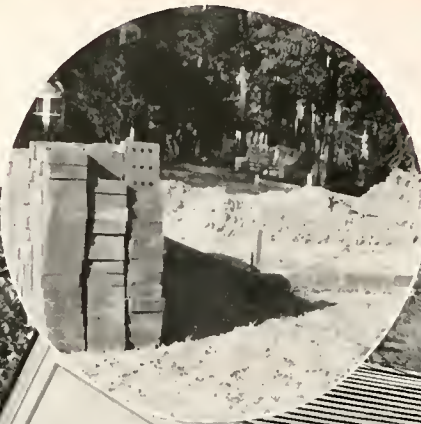

A float in the Fall Festival Parade.

"For no longer than ten minutes."

school;

Hear missionaries speak.

president; Jane Wood, secretary;  
Nancy Bell, treasurer; and Hilda  
Phillips, representative from the  
cabinet.

# Flora Macdonald Athletic Association

The Athletic Association  
 Brings fellowship and fun;  
 A chance to enter into sports  
 It offers everyone.  
 Chief among activities  
 Have been the tournaments—  
 Volleyball and basketball  
 Brought gaiety, suspense.  
 Swimming, softball, bowling, tennis,  
 Ping-pong and May Day  
 Brought us happy moments spent  
 In comradeship and play.

## Cheerleaders

Cheerleaders bring to tournaments  
Enthusiasm, pep;  
This year they wear new emblems,  
and

We know they're right "in step"!  
They lead us in our "Friendship  
Song"

Sung in the dining hall;  
We think they're great and appreciate

Our school cheerleaders all.

*Left to right, are Sandra Sweet, freshman; Mary Hale, senior; Joanne McMillan, college cheerleader; Faye Buck, junior; and Jean Rouse, sophomore.*

## Monogram Club

In many sports activities  
Did these girls participate;  
A certain number of credit points  
They did accumulate.  
Being eligible to join,  
To this club they now turned,  
So these members proudly wear  
The monograms they earned.

BETTY JOE HATCHER  
President

Zetesian Officers are, *back row, left to right*: Jane Wood, Chaplain; Christine Maloney, Secretary; Doris Mazingo, Vice-President; Martha Steppe, Pianist; *front row*: Lucy Richardson, Censor; and Mickie Ozlin, Treasurer.

"Friendship" is the motto, and  
 The colors green and white;  
 Zetesian during Rush Week urged  
 The Freshmen to "go right."  
 They took them out to Lakewood  
 For a weiner roast and fun;  
 The Minstrel Show with Epsilon Chi  
 Gave joy to everyone.  
 Monthly meetings, skits and games  
 Brought entertainment fine;  
 In Hospitality Week-end we  
 Saw the talents shine.  
 The members hold fond memories,  
 And loyal they will be  
 To Zeta Theta Psi—their chosen  
 School society.

The Dance in the making.

Orientation Week feature.

# Epsilon Chi Society

KATHLEEN MURCHISON  
*President*

Their "loyalty to white and gold"  
 Binds those in Epsilon Chi;  
 Much fellowship and fun their monthly  
 Meetings do supply.  
 A square dance they provided for  
 The Freshmen brought much  
 cheer;  
 The Christmas Dance with Zetesian was  
 The highlight of the year.  
 They with Zetesian played hostess to  
 Debaters in the spring  
 And sponsored senior "take-offs," which  
 Was quite a riotous thing.  
 So when they are far from F.M.C.,  
 They'll still be ever true,  
 And we may hear their voices:  
 "Epsilon Chi, we sing to you."

Epsilon Chi Officers are, *standing, left to right*: Doris Dunn, Censor; Sarah Dudley, Pianist; Barbara Arrington, Secretary; *seated*: Carolyn Johnson, Treasurer; Billiegene Addor, Vice-President; and Shirley Fitzgerald, Chaplain.

An evening of fun with P.J.C. as guest.

"Blue Christmas"—with an old English accent.

And sings into our heart;  
The blend forms perfect unity—  
Each singer gives her part.

This year the members chose new robes  
And made a tour in spring;  
With gratitude, expectancy,  
We listen to them sing.

## St. Cecelia Music Club

Theoretical or applied,  
And meets each month to hold

On music, their joy and pride.

# The White Heather

With "unity" as watchword for  
 The '55 WHITE HEATHER,  
 The annual staff joined hands and pledged  
 To "see it through together."  
 Dr. Bullock advised us in  
 This task—great did it seem;  
 And we somehow survived to bring  
 You "Building" as the theme!

The Scribblers six, through their use  
 Of terminology,  
 Stuck their finger on each senior's  
 Personality.  
 Discussion, laughter, slow ideas,  
 All kept them late at night;  
 Outstanding traits of their classmates  
 They tried to bring to light.

Senior Scribblers are, *left to right*: Betty Jo Gore, Dot Hamilton, Ann McGirt, Kathleen Murchison, Sarah Dudley, and Kathryn Campbell.

The student newspaper of F. M. C.  
Is aptly called *The Skirl*;  
It's published every other week  
And keeps right in a whirl.  
It brings the latest campus news  
And feels the public pulse;  
The steady grind, well organized  
Brings very good results.

# Pine and Thistle

This student-edited magazine, nicknamed

The "P. and T.,"

Brings to us four times a year

True creativity;

Behind such things as plays and stories,

Poems and essays,

Is seen good thinking, planning, and

The work of many days.

## Features

Artistically we built into  
Our year a bright design  
Of special moments made to pause  
And watch the Features shine.  
Refreshing were these flourishes  
And colorful to see;  
They filled us with a tingle of  
Excitement, we agree.  
Much care was used in choosing students  
Whom we recognized  
With honors which these Features gave  
And which the students prized.  
"Who's Who," Marshals, Superlatives,  
And May Day—all did bring  
Achievement, added splendor, and  
An extra touch of spring.

Far away from noisy tumult  
And the city's throng  
Stands our cherished Alma Mater  
Worthy of our song.

On her wide and spacious campus  
Springs of crystal rise,  
Which for joy and health and beauty  
She shall ever prize.

Stately pine trees waving o'er her,  
Proud her guards to be,  
Whisper faith and hope and courage,  
Faithful listens she.

Now we lift our joyous chorus  
Full of love to Thee,  
Hail to thee, O Alma Mater!  
Hail, O, F. M. C.

# FLORA MACDONALD COLLEGE

RED SPRINGS, NORTH CAROLINA

59th Year

ACCREDITED SENIOR COLLEGE AND CONSERVATORY

B.A., B.S., and B.M. DEGREES

Flora Macdonald College has "that something." You can't quite describe it. You feel it — just as soon as you step on the campus. It's "something" intangible but real. Ask any student who has lived in the elevating and energizing atmosphere of the college. You will be told it's "something" that gets into one's heart, mind, and soul — "something" that awakens the best — "something" that lays hold of the best — "something" that brings out the best. It's "something" a student feels when studying in the library or listening to a lecture in the classroom or playing basketball in the gym or walking through the college gardens. It's "something" that makes a student want to work and play and live with zest and joy and abandonment. It's "something" a student finds at Flora Macdonald — "something" that lives in her and with her during her college years — "something" which goes with her out into life and makes her a unique person, radiant in personality, unselfish in spirit, and successful in her career as a teacher or nurse or pastor's assistant or technician or secretary or wife and mother or leader in her church and community. "That something" is the plus in education which Flora Macdonald offers you. It's "that something" which money cannot buy but which no girl who has found it would exchange for all the wealth of India.
